

Biggest pet boom ever gives birth to Dog Lovers Shows of equally epic proportions in 2022

Saturday 6 and Sunday 7 August, Sydney Showground, Sydney Olympic Park
Friday 14 to Sunday 16 October, Melbourne Exhibition Centre, South Wharf (NEW VENUE!)

One of the pandemic's surprise legacies has been the unprecedented surge in pet ownership. In terms of paws on the floor, since 2019 the petdemic has seen a boom in dog ownership with an estimated 30.4 million pets now living with us across the country.

Nationally, 69% of households own a pet which is up from 61% only two years ago and led by a surge in dog ownership, with a staggering one million+ new dogs welcomed into Australian homes since 2019. #

Who better to educate, entertain and inspire this new wave of passionate pet-parents than the Dog Lovers Show team! It's been almost 3 years since the last events were staged, so organisers have been *chomping at the bit* to re-unite the entire canine community.

Show founder and CEO, Jason Humphris said *"Anyone who loves dogs deeply and wants to better understand their pets will be rewarded by attending our Sydney and Melbourne Shows this August and October when Australia's largest and leading fur-focussed-festival makes a triumphant return."*

"The timing is ideal to provide thousands of 'pandemic pet parents' with trusted, reliable information from the country's most trusted pet experts. Many new dog owners had been thinking of welcoming a new pup and the pandemic gave them the time to be actively present at home to 'on-board' the pooch they have dreamed of for so long. A huge thanks to our loyal Exhibitors who have stuck by us and to the dog loving community who are clearly excited to be returning to our live events with pre-sale tickets selling out in record time!" said Jason.

The stars of the show as always are the dogs, and visitors can meet and interact with around 1,000 beautiful K9's, representing over one hundred breeds. The Show's iconic program has also been re-invigorated to cater for the thousands of new dog owners expected to attend with essential tips on training, nutrition, separation anxiety, puppy proofing, K9 mental health and overall wellbeing.
